Product highlights

Folding system to easily unfold and fold again
The Sunmobile can easily be folded thanks to the Folding System. Folding and unfolding the product is a matter of seconds thanks to the strong gasspring inside. Once folded the product can be stored out of sight when it is not in use. This truly saves saves you a lot of space in your house or apartment.

2 pairs of eye-protecting goggles
Two pairs of goggles are included, to protect your eyes from the UV light.

Auto stop - 45 min
Automatically shuts off after 45 minutes, for your safety. This prevents you from tanning too long (e.g., if you fall asleep while tanning).

3 Philips Cleo HPA Flex-Power lamps
The Philips Cleo HPA Flex-Power lamps have a powerfull UV-output ensure a beautiful tan.

Full-body tanning field (1.80x0.70m)
The full-body Tanning Field (1.80 x 0.70m) ensures the UV light reaches your entire body.

Comfortable tanning distance
The comfortable tanning distance of 65cm between your body and lamps gives you a lot of freedom of movement during your tanning session.

Built-in distance meter
Built-in distance meter to determine the distance between your body and the appliance. Helps you to use the tanning distance as advised in the user manual.

Height adjustment
To set the correct tanning distance you can use the Height Adjustment. The height of the tanning appliance can be adapted to the hight of your bed and body. This is to ensure a safe tanning distance and an even suntan.

Session memory for 2 users
The session memory helps you remember how many tanning sessions you have had, so you can easily follow the recommended tanning guidelines. There are two separate counters for use by two people.

Cord winder
The cord can be wrapped around the spool, so that the appliance is easy to store.
